

# MATH Interviews

*George Gadanidis*

## CONTENTS

### Mathematicians

Gilbert Labelle – combinatorics	3
Nathalie Sinclair – the joy of math	5
Karen Yeats – university mathematics	7
Walter Whiteley - geometry	9
Carolyn Kieran – algebra	12
Chris Essex – computers/calculators	16
Ved Madan – area puzzle	19
Euler – topology	21
Plato – polyhedra	23

### Math at work

Larry Davidson – city engineer	26
Jake Lopers – bank manager	29
Marg Franklin – investment modelling	31
Jane Howe – exploration geologist	33
Blake Palmer – real estate agent	36
Doug Metcalf – truss plant manager	38
Witney Cohoon – farmer	40
Tom Ferio – calculator company VP	42
Amanda Stuart – moving company	44

### Math concepts

Circle – a well-rounded shape	46
Square – is it a rectangle?	48
Triangle – why carpenters love them	51
6 – the perfect number	55
x – the unknown	57
The mystery number – it's a real mystery	59
