

Thinking with a Spreadsheet

Grades 3-6

thinking and
communication
skills

number sense and numeration
measurement
geometry and spatial sense
patterning and algebra
data management and probability

reproducible activities
with solutions

CONTENTS

white activity pages
yellow solution pages

A-1		<i>Thinking with a Spreadsheet</i>						
A-2		<i>Using the Activities</i>						
	S-1	<i>Solutions</i>	nsn	m	gss	pa	dmp	
A-3	S-2	Battleship						
A-6	S-4	You can count on me						
A-11	S-8	Nines patterns						
A-13	S-9	Matching patterns						
A-16	S-11	Magic squares						
A-18	S-12	Straight line patterns						
A-21	S-14	Decimals and percents						
A-23	S-15	Fractions and decimals						
A-27	S-18	Multiplying/dividing by 10, 100 & 1000						
A-30	S-21	Multiplying/dividing by 0.1 & 0.01						
A-33	S-23	Positive about negatives						
A-35	S-25	It's about time						
A-38	S-27	Linear measurement						
A-40	S-28	Area and perimeter						
A-43	S-30	Straight line graphs						
A-46	S-32	Data graphs						
A-49	S-34	Class survey						
A-51	S-35	Spinners and probability						
A-53	S-36	Dice and probability						

nsn = number sense and numeration
 m = measurement
 gss = geometry and spatial sense
 pa = patterning and algebra
 dmp = data management and probability
